Swim To Safety!

Teacher's Map

- Don't show these journeys to the students. Also, have them work individually.
- Direct the students from E10 to the island using the words on the right.
- Read out the directions at a steady yet challenging pace.
- Read out each direction only once, otherwise things will get confusing.
- At the end of the journey, get the student to write down their final coordinates on a piece of paper.
- Finally, reveal the island coordinates to the students so they know if they were successful or not.
